What Is a Teacher?

Oh! I don't have time to answer a silly question like that right now.

A teacher is a person who tries to teach their students some skills that may help them throughout their lives.

Regina Helton

Teachers are people who are doing their job by giving us a lot of work, so it seems.

Doug Wehtington

A teacher is a person who devotes half of their time to teaching and the other half to learning.

Jon Jarok

A teacher is something that won't admit it's wrong even when it is.

Gary Berry

What Is a Teacher?

Someone who is allowed to wear a wholly jersey once in a while to school.

A teacher is any person who takes time out to try to the best of their ability, to teach another person of their knowledge.

Kim Barnes

A teacher is a person who can be very helpful. They'll listen to you when you have a problem and be one of the best friends you could have. Their purpose for teaching us math, English or whatever else is to help us through life.

Lisa McCurtes

A teacher is someone who teaches you something from Monday through Friday, who gives you a test when you don't expect it, and who hands out deficiency slips to parents. But one thing students should remember, a teacher is human too . . . almost!!

Lydie Fiske

A teacher is someone who is overpaid, underworked, and never at school.

Cindy Henson

A teacher is someone who is old and cranky, but in their own special way you can always find something nice about them.

Ronda Hanner

A teacher is someone who is able to laugh at herself as well as be humurous, but yet be willing to help and understand.

Debbie White

Hurry up and take the picture so I can get back to my nap.

What Is a

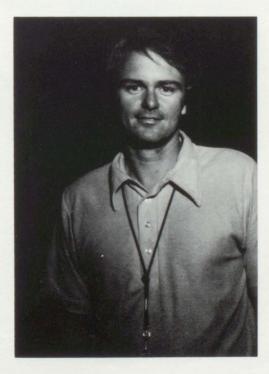

Teacher?

What is a teacher? Well, first we must examine the role of "the teacher" - how he/she or it, is required or elected to perform, and ask the consequent question why?, that is only an examination of a "teacher" (the word "teacher" referring to those paid-by-the-public to sit in a classroom for either 18 or 36 weeks and hope the Student retains a surfeit of stuff to attain scholastic credit) Okay no more vacant attempt at Nothing anyway. A teacher is actually a person who, through experiences with this person, one receives knowledge and perhaps attains an understanding and wisdom to utilize that knowledge effectively.

Steve Laatsch

A teacher is someone who keeps the class in order with a chair and whip.

Kim Clanahan

What is a teacher?

A person who is here for our benefit and theirs. Just to try to get us to learn something that it took years for them to learn. Teachers are mean, sweet and gentle. Some really want to teach and some just want to be mean because of something that has happened to them in the past, so they take it out on us. Thank gosh I'm not a teacher.

Angie Woods

A teacher is like a prehistoric animal . . . old, onery, and mean. So to speak.

1978 Basketball Homecoming was a huge success. The spirit week festivities began Monday with the class competition contests beginning in the gym lobby. Tuesday, Valentine's Day, was paint your face day. Students painted their faces with hearts and cupids. Wednesday was crazy hair day. On Thursday boys dressed like girls and girls dressed like boys. Friday spirit week concluded with the assembly third hour and the announcement of the royalty. The Mules put the frosting on the cake for a perfect week by defeating Perryville 101 to 57.

- A. Angie King is crowned by retiring queen Karen Seifert.
- B. Karen's "farewell walk" with escort David Dickens.
- C. Cheerleaders show homecoming spirit.
- D. The Senior Class brought out their milk jugs to make noise. (Needless to say, the Senior Class won the spirit jug in the assembly.)

OPPOSITE: And finally the announcement "The 1978 Basketball Homecoming Queen is

. . . Miss Angle King."

SOPHOMORE VALENTINE DANCE 1978

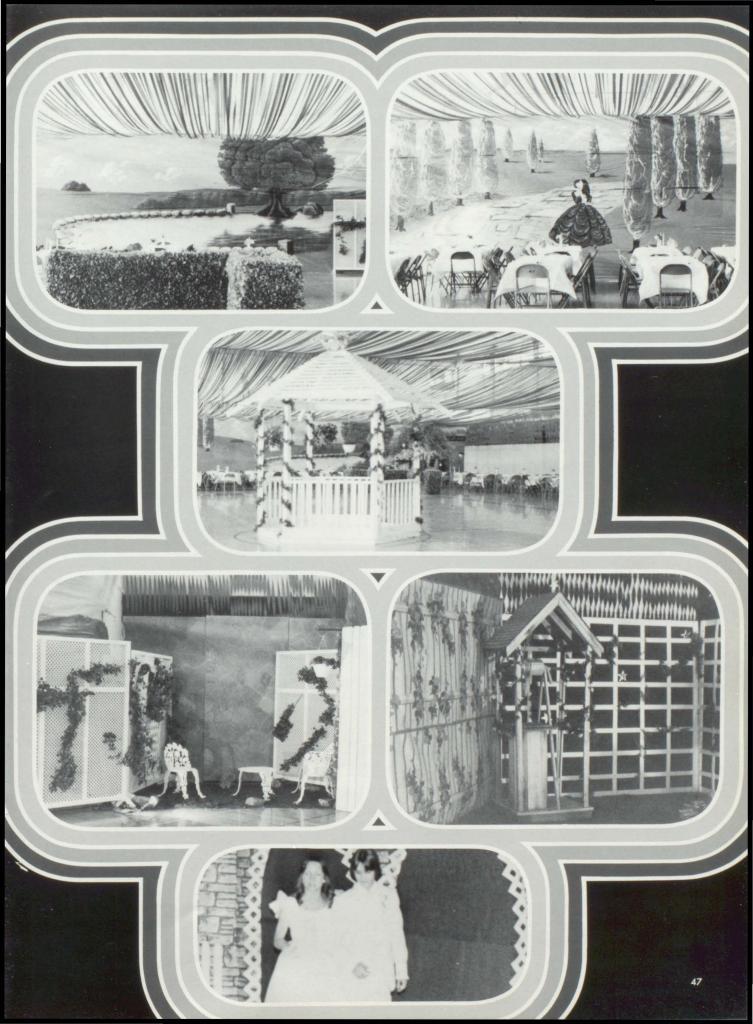

"If You

Leave Me Now'''

May 14, 1977 - A dream come true for the juniors of 1978. Entrance to their "Southern Belle" dreamland was through a forest green tunnel which led into the beautiful springtime garden. In the courtyard, green shrubbery outlined the dance floor which centered around the gazebo, garnished with springtime flowers. Covering the south wall, was a painted mural. It pictured a couple ballroom dancing in the courtyard which was in front of the stately Southern Mansion. It took many long, hard-working hours to build this Southern Mansion. Inside, it was realistically decorated with beautiful antique furnishings. Thanks to the class of '78, the Prom of '77 was a great success.

This past year, NIKE has been active doing things for our community. On Halloween members, dressed in original costume, entertained and provided a party for the children at the Diagnostic Clinic. On Nov. 29 they held a Fashion Show. After hours of practice, the girls modeled beautiful clothes from various stores. They've had a very successful year.

Remember

Mexico??

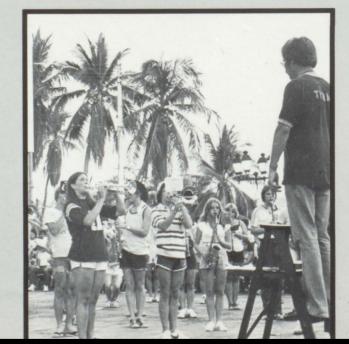

NOVEDA DEC

Last year, the Sho - Me Band was selected to represent Missouri and the United States in a summer tour through Mexico. The only hitch was that the band had to raise \$50,000 in three months. They sold everything from citrus fruit to tootsie rolls to popcorn. The community pulled through and finally, under the supervision of Bil Salyer and a troup of band mothers, the goal was reached.

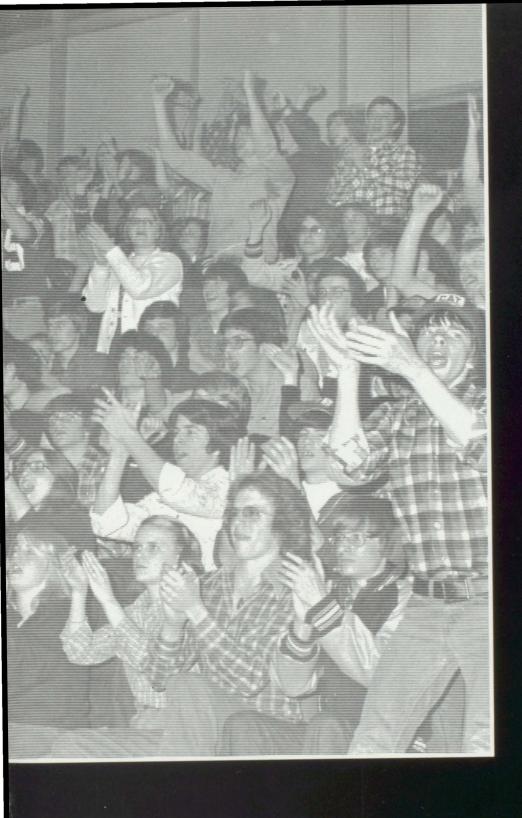

The band embarked from St. Louis Lambert Airport on June 6. The first stop on the trip was Mexico City. The band spent six days in the capital city of the country. During the six days of sightseeing and performing, band members were able to find time to visit the famous open air markets. The next stop was Taxco. Only two days were alloted for the band to spend in the beautiful mountain village. The last stop on the tour was Acapulco. For seven days, everyone enjoyed the sun and surf. During these two weeks, the band overcame barriers in language and customs. Despite the minor complications, the enjoyment and experiences will be remembered in everyone's hearts forever. It was a great summer, a great trip and a great experience.

MEMORIES OF P.B.

You know the time is drawing close When each of us must part We'll leave this school we call PB With thoughts of love at heart.

Now memories; we have quite a few
Some good some rather sad
Though those that stand out most in mind
Are of the fun we had.

At times we've wished upon this date
Our closing Senior year
And now the time lies in our face
Still yet we shed a tear.

The thought of leaving this old place
The love and loyalty
A better school in the whole world
I know there just can't be.

Oh yes we'll miss you dear P.B.
For soon we all will go
But memories of our four years here
Our hearts will always know.

It's funny how time slips away.
It seems but yesterday
We were the Freshmen of the school
The class of 78.

And for as long as we may live
When we're too old to see
One thing will still remain the same
Our love for dear P.B.
